

SALICE AIR Concealed Hinges

Sales Bulletin
June 2016

Air is an innovative and revolutionary hinge which, despite its compactness and small size, delivers full functionality to furniture manufacturers. Fully adjustable in three directions and incorporates an integrated soft close mechanism.

Air is inserted into the top and bottom of the cabinet and the door and is practically invisible. Its small size means that the applications for Air are numerous: kitchens, bathrooms, living and bedroom furniture or display cabinets.

- 105° opening
- Nickel plated finish
- 16.5mm deep cup
- For min. 11/16" (18mm) thick wood doors and for aluminum framed doors
